Message from the President Julie A. West

I enjoyed visiting Cascade and Valley Lode Districts in February, one of the many rewards serving as CGCI's president. "Thank you" seems inadequate for the magnitude of hospitality and generosity experienced with each visit, but the memories created are "priceless."

As mentioned last month, with the success of the "Gently Worn Jewelry Sale" at Winter Board, the President's Project has reached its first goal! A deposit has been sent to order the Riparian Plant Community sign at the Kenneth M. Stocking

Native Plant Garden at Sonoma State University. Your support is appreciated as we work together to make a difference!

One of the challenges faced as this term's President has been the use of CGCI's name and/or EIN by clubs and districts. Please help us reinforce that under no circumstances is any garden club or district to use the name of California Garden Clubs, Inc. or CGCI's EIN. Double check your district and club records to confirm that you are in compliance.

As always, it is an honor to serve as your representative. I look forward to seeing you at CGCI's Wildflower Conference in Palmdale, April 4-6, 2012! Remember, exploring the possibilities in conservation, gardening, creativity and inspiration is how we can together make the difference!

Parliamentary Lesson

By Parliamentarian [Greg Pokorski](#)

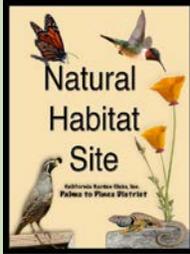

Why do we take roll at our board meetings? Not to give perfect attendance awards at the end of the term, but to establish a quorum to make sure a sufficient number of board members, per the bylaws, are present to conduct the business of the organization. So when someone is called, you do not need to tell us she is in the rest room or you just saw him in the hall - because if you are not present at the time of roll call you just do not count toward establishing a quorum. The moral of this story is to arrive at meetings prior to the scheduled start time. To read more, [click here](#).

News Clubs Can Use

Roseville Green Thumb Garden Club, Golden Foothills District - CGCI called for all clubs and districts to make the Youth Group Program the best ever. Roseville Green Thumb Garden Club has answered this call. [Click here](#) to read full article.

Look for the Opportunity - from Buttes District Director's Report at Winter board:

Chico Horticulture Society is a charter member of CGCI. For years, its plant sale, standard flower show and school grant raffle has been held at the Chico Home and Garden Show in March. This year, for the first time, it will be held at the Chico Home and Garden Show in the FALL. Why? Fall is a better time for plants in our region. [Click here](#) to read full article.

Palms to Pines District Director **Dann Dunst** initiated a district project promoting natural habitats. Entrants submit a one-page application and must provide at least one photograph of the habitat. Entrants receive a certificate recognizing their habitat; and if they can make a donation, receive a beautiful plaque (see photo to left of plaque) to post in their habitat.

Need a Banner?

Banner Order Chairman, [Rita Desilets](#)

You can have a professionally designed (2 foot by 6 foot) banner to attract attention to your club or district. Use the banner at plant sales, monthly meetings, flower shows or schools.

A simple PVC stand can be ordered, or make your own using the free instructions which are on the CGCI website. Stands will be delivered at any board meeting or convention or they can be shipped.

A FREE banner bag will be provided with orders of both the banner and stand.

District Directors: If your district is hosting a board meeting or convention, ask your clubs to bring their banners to make an impressive display (hotel space permitting). Orders have been pouring in from Palomar District, CGCI's 2013 Convention hosts.

Native Plant Week

California Natives Chairman [Margaret Strachan](#) urges everyone to celebrate California's lovely, useful and important native plants during California Native Plant Week held as always each year in the third week of April. This year it will be from April 15--April 21. [Click here](#) to read full article.

Arbor Day

Theodore Roosevelt said, "To exist as a nation, to prosper as a state, and to live as a people, we must have trees."

Friday, April 27, 2012 is National Arbor Day. For more information, [click here](#).

Blue Star News

By [George Urine](#), Blue Star Memorial Co-Chairman

Since Fall Board, CALTRANS has ordered two highway markers to replace old markers that

had been located at rest stops south of Tipton on Route 99, and El Cerrito Garden Club has ordered a byway marker to be placed at the Richmond Museum of History. The club is planning a dedication on Memorial Day. Based on club inquiries, I expect several more markers will be ordered before Convention. [Click here](#) to read entire article.
