EUREKA SEQUOIA GARDEN CLUB ANNOUNCES 2022 ESGC SCHOLARSHIP WINNERS!

With great joy and a sense of great honor ESGC is pleased to announce the **2022 ESGC SCHOLARSHIP** winners! - **Corrina Cunningham** (Arcata HS) and **Alexander Jioras** (Arcata HS).

Both graduating seniors are college bound with aspirations in botanical, ecological and/or environmental sciences. They are very active in a number of ways in their schools and communities. They find time to participate in sports, hiking, swimming, and so much more while maintaining grade point averages of 4.0+. No wonder they received such glowing and enthusiastic reports in references supporting their applications.

Each student will receive a \$500 scholarship towards their higher education goals.

One of the important goals of Eureka Sequoia Garden Club is to support and encourage the pursuit of knowledge and experience in botanical, environmental, ecological and agricultural sciences and education. One sure way to do that is through the awarding of scholarships in support of young people pursuing those very endeavors. Eureka Sequoia Garden Club has done that in the past and is very proud to announce resuming the program in 2022.

Their parents, mentors and certainly ESGC members are proud to acknowledge the hard work, dedication and perseverance of these two very deserving students. We wish them the best of futures with this little nudge from Eureka Sequoia Garden Club.

CONGRATULATIONS CORRINA AND ALEXANDER!
